Documents

Documents required for importing used household goods, personal effects, and related shipments.

Required Documents

- Import permit
- Commercial invoice
- Bill of lading (OBL) / air waybill (AWB)
- Packing list
- Health and sanitary certificates (if applicable)
- Fumigation certificate (if applicable)
- Certificate of origin (if applicable, particularly for CARICOM goods)

Specific Information

Shipment arrival deadline: Items must arrive within 6 months of the owner's arrival in Belize (per industry sources; the official customs language references 3 months with discretionary extension).

CIF value exceeding BZD 20,000: Customs duties are applicable on the CIF value in excess of BZD 20,000 (approximately USD 10,000) based on rates set out in the Belize Customs Tariff. This is a significant limitation on the duty-free concession.

General Sales Tax (GST): 12.5% GST applies to most imported goods. New household effects within shipments are subject to GST based on CIF value.

Belize nationals returning: Must have been out of the country for at least 1 year to be entitled to duty-free entry of household goods and personal effects.

Used tools of trade: Used implements, instruments, and tools of profession, trade, occupation, or employment may be imported duty-free if approved by the Ministry of Finance and admitted by the Comptroller of Customs. They must have been in the owner's possession and use for a reasonable period.

Deceased persons' effects: Used personal effects (not merchandise) of Belizean citizens or persons ordinarily domiciled in Belize who have died abroad may be imported duty-free, as approved by the Comptroller of Customs.

Client presence: The owner must be present at customs clearance.

All shipments inspected: Every shipment is subject to physical inspection.

Wood items (CRITICAL): New wood items, including furniture, require an import permit from the Ministry of Trade prior to importation. Check with the destination agent before importing ANY items made of wood. Belize has an extensive import licensing regime for wood products to protect domestic forestry.

ISPM 15: Requirements for wood packing material fumigation vary; confirm current ISPM 15 requirements with the destination agent.

Belizean duty-free allowances for returning Belizeans: In addition to personal effects, Belizean citizens may claim duty exemption on accompanied goods acquired abroad for personal or household use, souvenirs, or gifts up to BZD 200 per person (twice per year through an international airport, once per month through other ports). Family maximum: BZD 600 per family at airports, BZD 150 per family at other ports.

Duties & Taxes

Duty-free conditions: Per the Belize Customs Department (customs.gov.bz), personal and household effects may be imported free from customs duties provided they are used and have been in the owner's possession for at least 1 year, and are not intended for any other person or for sale. The duty-free concession applies to goods arriving within 3 months before or after the passenger's arrival, or within such further period as the Comptroller of Customs deems reasonable.

CARICOM Preferential Treatment

Imports from CARICOM member states are exempt from import duty provided a Certificate of Origin from the originating CARICOM country is produced certifying the goods were produced within the Common Market region.

Consignment Instructions

Recommended: Contact the destination agent to ensure all requirements have been met prior to import, especially for differences regarding air / sea shipments.

Client presence: Mandatory for customs clearance.

Inspection: All shipments are subject to physical inspection.

Wood items: Check with the destination agent before importing ANY items made of wood. New wood furniture requires an import licence from the Ministry of Trade.

Routing / port of entry: Belize City (Port of Belize / Fort Point) is the primary sea freight entry. Philip Goldson International Airport (Belize City) for air freight. Belize also has land border crossings with Mexico (Corozal) and Guatemala (Benque Viejo del Carmen / Cayo). Belize is located on the Caribbean coast of Central America, bordered by Mexico and Guatemala.

Vehicle valuation: Belize Customs uses the US NADA "Blue Book" for vehicle valuation. This is distinctive and worth noting to customers importing vehicles.

Currency: The Belize dollar (BZD) is pegged to the US dollar at BZD 2.0175 = USD 1.00. US dollars are widely accepted.

Penalties: Penalties for possession of prohibited items are very severe. Jail sentences are long. Review the complete list of prohibited/restricted items on the Belize Customs website before shipping.

Regulatory Updates

- 2020: Customs Regulation Act revised edition published, consolidating multiple amendments.
- 2024: trade.gov updated Belize customs information confirming the licensing and permit regime.
- Ongoing: GST rate is 12.5%. CARICOM preferential treatment continues for goods with Certificate of Origin.
